OBJECTIVE

Experienced Assistant Professor with over 9 years of expertise in Computer Science and Engineering education. I am skilled in designing and delivering effective curriculum, mentoring students, and fostering a stimulating learning environment. Strong research orientation with ongoing pursuit of a PhD, specializing in Full Stack Blockchain Web Development. Committed to advancing academic excellence through impactful research, innovative teaching methodologies, and active contribution to institutional growth.

PROFESSIONAL EXPERIENCE

Pallavi Engineering College

Assistant Professor

Aug 2024 – Present

- Conducted lectures on Programming for Problem Solving Design and Analysis of Algorithms and Network Management Systems and Operations.
- Supervised academic student projects and guided.

Keshav Memorial Institute of Technology

Assistant Professor

October 2022 – July 2024

- Conducted lectures on Blockchain Technologies, and Service Oriented Architecture.
- Supervised academic student projects and guided.
- Actively participated in NBA & NAAC process work.

Siddhartha Institute of Technology and Sciences

Assistant Professor

Dec 2021 – Oct 2022

- Taught courses on Object-Oriented Programming and Web Technologies.
- Managed Admission processes and contributed to curriculum development.
- Assisted in the establishment of well-equipped laboratories.

Aurora's Technological Research Institute

Assistant Professor

Dec 2018 – Dec 2021

- Taught courses on Network Management System & Operations, Programming for Problem Solving (C Programming).
- Participated in faculty development programs and workshops.
- Oversaw the smooth operation of computer labs and maintained college websites.

Tirumala Engineering College

Assistant Professor

Feb 2017 – Dec 2018

- Conducted classes on computer science subjects.
- Assisted in examination administration and lab management.

EDUCATION

Doctor of Philosophy (PhD) in Blockchain Technology

SR University, Warangal

Joined 2024 (Batch 7)

Master of Technology (MTech) in Computer Science

CVSR College of Engineering (Anurag University)

Nov 2014 – Jan 2017

Bachelor of Technology (BTech) in Information Technology

ACE Engineering College

Oct 2014 – Apr 2014

CERTIFICATIONS

✓ Blockchain Technologies (NPTEL)

✓ Python for Data Science (NPTEL)

✓ Full Stack Web Development (NxtWave CCBP 4.0)

✓ AWS Machine Learning Foundation Program (Google Udacity)

WORKSHOPS & DEVELOPMENT PROGRAMS

Faculty Development Program (Aurora's Technological Research Institute, 2019)

Web Application Development Workshop (Institute of Aeronautical Engineering)

RESEARCH PUBLICATIONS & ACHIEVEMENTS

Successfully Published paper on enhanced processing time by managing MySQL Cluster, Apache Pig, and Apache Hive methods.

EXTRACURRICULAR ACTIVITIES

- Website Administrator & Content Developer
- Actively involved in the preparation of lab manuals and subject materials for programming-related subjects
- Participation in various departmental and college events
